### REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Regarding the supplemental declaration filed 31 March 2005 under 37 CFR 1.131, such declaration sufficiently establishes reasonable diligence over the critical period from just prior to the effective date of the prior art reference to a date establishing an actual reduction to practice of the claimed invention. Therefore, the lapse of time between the date of actual reduction to practice of the claimed invention and the filing date of a patent application is not relevant to a declaration under 35 CFR 1.131. See MPEP 71507(a). Moreover, regarding the lack of signature in the declaration by one of the inventors Nick Elmi, it should be noted that the signatures of the remaining inventors in the declaration under 35 USC 131 is sufficient. See MPEP 715.04 (I).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication should be directed to Benny Lee at telephone number 571 272 1764.
